

## Access Issues – ASMIRT Secure Members’ Portal

We have recently received a small number of enquiries relating to members experiencing problems accessing the ASMIRT secure Members’ Portal.

When attempting to access the former “**AIR**” Members’ Area domain website address the following screen appears which redirects members to the correct/new ASMIRT domain address:

ASMIRT Members’ Portal: <https://members.asmirt.org>

Please ensure that you are not attempting to access the Members’ Area through your bookmarks/favourites, as this will probably be the old link/former “**AIR**” domain address. Alternatively you will need to update your bookmarks/favourites with the correct ASMIRT address as identified in this article.

To access the ASMIRT Members’ Area, please ensure that you enter via the following address directly: <https://members.asmirt.org>

or alternatively via the link from the homepage of the ASMIRT website – <http://www.asmirt.org> – centre screen, blue label – “**Members Access**” which will take you to the same, correct address.

If you experience any issues relating to username and/or password please contact the membership department via telephone: 03 9419 3336 or email: [membership@asmirt.org](mailto:membership@asmirt.org) or [cpd@asmirt.org](mailto:cpd@asmirt.org) if you are a CPD-only participant.
