

## **Grade 1 MIT part-time (4 days per week) – Monash Imaging Moorabbin Hospital and Kingston Centre**

- Join our small imaging family where you will have many opportunities for training
- Modalities offered on site include CT, MRI, mammogram, and fluoroscopy
- Benefits include generous remuneration with salary packaging available, ADOs and committed staff

### **ABOUT MONASH HEALTH**

Monash Health provides integrated health care services available to over 1.3 million people, representing 32% of the population of greater Melbourne. Imaging and Outpatients at Moorabbin Hospital have recently been renovated, with Imaging seeing the addition of state-of-the-art MRI and PET-CT equipment.

### **ABOUT MONASH IMAGING**

Monash Imaging is Victoria's largest public radiology provider dedicated to providing patient-focused services to the people of South East Melbourne and surrounding communities. Monash Imaging has hospital sites at Clayton, Dandenong, Moorabbin, Casey, Kingston and two Dental Imaging practices. Included at these sites are a full range of modalities including MRI, PET/CT, X-ray, Fluoroscopy, Ultrasound, Mammography, CT, Interventional Angiography and Bone Densitometry.

### **ABOUT THE ROLE**

This is a part-time grade 1 position within our close-knit team. The position is for four days per week. The role will be a general MIT role, involved in X-ray, operating theatres, mobile X-ray, and fluoroscopy. Experience in other modalities, such as CT and mammography, would be advantageous or training may be available for the right candidate. Participation in the on-call roster for anyone who is proficient in CT is desirable. The department is very supportive of CPD for all of our staff.

### **WHAT WE'RE LOOKING FOR IN YOU**

- Strong focus on patient-centred care
- The ability to work closely with the rest of our team
- Current registration with AHPRA
- Current Victorian Radiation Use Licence

### **BENEFITS, REWARDS & REMUNERATION**

Working in an environment where the team is committed to the principle of "patient- and family-centred care". Working within a larger hospital network to support your professional development. A generous remuneration package, including ADOs and salary packaging.

### **LOCATION**

This role will be based at Moorabbin Hospital and Kingston Centre. The role will involve some travelling to other Monash Imaging sites. Parking is available, and there is a café on site

**Contact** Shannon Wiseman, Manager Monash Imaging Moorabbin Hospital on 03 992 88828 for a confidential conversation.
