

# i can

...do something  
more meaningful

I can tackle large projects that make the best use of my skills to motivate me. The sheer complexity of the issues I face ensures I'm always fascinated. At SA Health, how my career develops is up to me. With diverse career pathways and lots of opportunities to shine, there's no limit to what I can achieve.

## Job Ref: 636840 - Head Radiographer MRI

- **SA Medical Imaging, Women's & Children's Hospital, Adelaide, South Australia**
- **Indicative Total Remuneration: AUD\$112,937 - \$123,393 - Perm F/T - AHP4**

The Women & Children's Hospital Campus is located in the city of Adelaide only 20 minutes from beaches to the west and the beautiful Adelaide Hills to the east. An elegant city surrounded by beautiful landscape and parklands, offering excellent dining precincts and award-winning wines, traditional and contemporary architecture, as well as a wealth of tourism activities making it one of the best locations for work and play. With an easily accessible city centre, you'll enjoy working within the "state of festivals" where there is always something going on.

You will be responsible to the Chief Radiographer for the efficient operational management of the MRI Imaging Service at the Women's & Children's Hospital Campus. Ensuring Allied Health Professionals practice in accordance with departmental, hospital and SA Medical Imaging policies, procedures and professional guidelines, you will manage the daily human resource functions of the MRI team and provide advice on workforce planning to the Chief Radiographer. This will include contributing to the development and promotion of research and educational activities for all professional staff within the Unit.

It is expected that you will review MRI procedures and techniques to maintain currency and embrace emerging techniques and developments, and proactively take part in identifying, establishing and maintaining partnerships, relationships and strategic alliances with key parties. As the senior professional practitioner in MRI, you will also be responsible for the provision of very complex and innovative medical imaging services with a high level of professional independence.

You will have registration with the Medical Radiation Practice Board of Australia, and hold a Statement of Accreditation in Diagnostic Radiography from the Australian Institute of Radiography, along with Level 1 MRI Accreditation. In addition, you will have extensive postgraduate experience with paediatric, obstetric, neonatal patients as a specialist in MRI. Your strong leadership skills will equip you to manage a multidisciplinary team and lead change to reach divisional goals. Prior experience in accreditation, quality management, continuous improvement and risk management activities will be ideal.

The South Australian public sector promotes diversity and flexible ways of working including part-time. Applicants are encouraged to discuss the flexible working arrangements for this role. Appointment will be subject to a satisfactory Criminal History Check. Aboriginal and Torres Strait Islander applicants are encouraged to apply.

**Applications close: 16 March 2018**
